

CYBER CHOICES

KNOW THEIR DIGITAL WORLD

Education and awareness is key to our intervention work. There is no age limit to who we support.

WHO ARE WE?

The Cyber Prevent Team delivers the national Cyber Choices Programme, helping young people make safe, responsible, and legal choices online. Through education on cyber law, including the Computer Misuse Act, we support informed decision-making and raise awareness of the consequences of cyber crime.

We also encourage positive cyber opportunities by promoting skills development, training, and future education and career pathways, helping to prevent young people from being involved in cyber criminality.

WHAT DO WE DO?

This programme is aimed at individuals who are at risk of, or on the cusp of, committing cyber-dependent crimes.

Cyber dependant crimes are offences that can only be committed with technology:

- Hacking
- Cheating/Modding online games
- Breaking IT rules
- DDoS or DoS – tools to impair systems and services
- Unauthorised access to computers, phones, networks, and devices
